APEXX 5

Model 8401

The APEXX 5 family is our most versatile platform with support for maximum memory, up to five professional GPUs, and plenty of hard drives.

Featuring a 5th Generation Core i7 processor with 10 overclocked cores, the APEXX 5 Model 8401 is a powerhouse, rackmounted workstation that delivers a powreful combination of frequency & cores for applications that are lightly threaded and frequency bound such as video editing, composting, or finishing.
