Visual Mounting Solutions

2011

Datasheet

ErgoMounts Limited as the name suggests specialise in ergonomic mounting solutions for LCD monitors, plasma TVs, keyboards and CPUs.

ErgoMounts can provide a range of unique, durable, flexible client led mounting solutions for office, financial, healthcare and industrial applications.

Our UK based team offers a high quality sales and support service, along with friendly advice and guidance on our full range of solutions.

VESA	LCD size	LCD Max weight	Hole positions (mm)
MIS-D	12"–22.9"	30.8lbs / 14kg	75 x 75, 100 x 100
MIS-E	23"–30.9"	50lbs / 23.7kg	200 x 100
MIS–F	>31"	250lbs / 113.6kg	200 x200, 400 x 200, 600 x 400

ErgoMounts have a comprehensive database of all leading manufacturers LCD/ TFT monitors and can very quickly cross reference our database for compatibility.

Datasheet

An ergonomic working environment has been proven to increase employee productivity and reduce absenteeism. Our range of mounts support the latest generation of LCD TVs and plasmas, ideal for use in the home or office environment. All **ErgoMounts** LCD monitor arms adhere to the VESA interfaces standards (see chart below) and we can even provide bespoke interfaces for non VESA standard screens.

ErgoMounts also incorporate a custom/bespoke design service. This service enables us to create a solution to match your exact requirements either from existing components or from scratch. We will work with you to design a brief, prototype and roll-out schedule.

This service has vast experience within the retail, financial, medical and hospitality sectors.

ErgoMounts *provide the widest portfolio of specialist solutions aimed at the financial trading market. The modern trading floor is predominantly IT based and resources on space are ever present. Our portfolio includes LCD monitor stands capable of supporting up to eight LCD monitors. The VisionPro, UltraView, Trader Stand are used daily by financial professionals throughout the UK and Europe.*

Back office ergonomics are also key to a successful and productive workplace. Using an LCD monitor arm not only provides individual users with the ability to adjust their monitor to their correct viewing position but also frees up valuable work space. Combined with an under desk CPU holder, users can reclaim space that would otherwise not be usable.
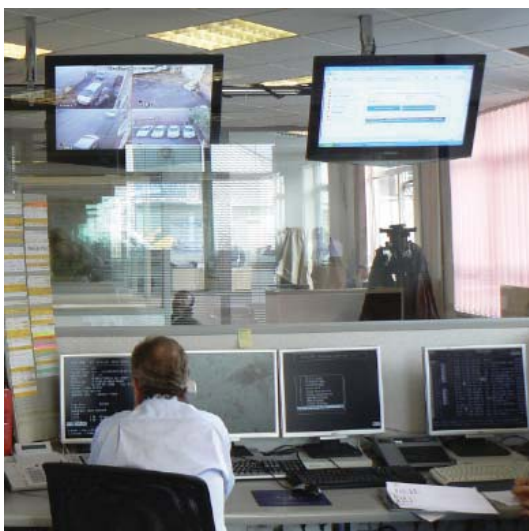

With over 20 years combined experience of designing, manufacturing and distributing we pride ourselves on our range of space efficient solutions, our product knowledge but above all our customer service. With a database of over 8500 LCD monitors, TVs and plasmas we can quickly identify compatible solutions. We will go that extra mile to help you in selecting the right solution to meet your needs.

ErgoMounts can also provide a complete installation service of both LCD and Plasma based solutions. These include wall and ceiling mounts for LCD and plasma along with multiple LCD monitor stands.

At ErgoMounts we will go that extra mile to help you in selecting the right solution to meet your needs.

VisionPro 500 Series iPad Mount

New

The **EMVP501S-iPad** *is a unique revolutionary ergonomic mounting solution for the Apple iPad.*

The iPad enclosure is manufactured from a single piece of solid aluminium, CNC machined and finished to the exact dimensions of the iPad. The enclosure can be manufactured to integrate a number of security features minimising tampering and inteference. Namely the home button, volume control and power button can be blanked off and the power and data socket is enclosed in the holder. This ensures that it cannot be removed from the mount enabling it to be used in retail environments for use by the general public.

The enclosure is designed to be compatible with the 500 series of ergonomic arms, allowing optimisation of the viewing angles. Both components perfectly compliment one anothers sleek curves and contemporary design resulting in a highly aesthetic solution. A gas-strut and ball joint allows effortless adjustment to the height, tilt, swivel and orientation of the iPad. Available in desk or wall mount fitting with 540mm of reach and 460mm of height adjustment.

Ultra 510-FX48 Workstation

EMBICWMPAD

EMSCANBRK-MW
EMSCANBRK-TB

New

The **Ultra 510-FX48** *Computer Workstation is a strong and durable, all in one 1.22 metre (48") tall computer workstation that is secured to the floor via a compact 200mm x 200mm (8" x 8") floor plate.*

Monitor, keyboard and mouse are attached directly to the pole on a compact non extended, single extended 280mm (11") arm or double extended, 2 x 280mm (11") arms providing a maximum extension of 600mm from the pole. The keyboard and mouse tray flip up when not in use to further reduce the footprint. The keyboard can be set at 960mm - 1230mm (38" - 48") from the floor. The attached adjustable CPU holder is supplied in narrow width 50mm - 116m (2" - 4.6") or standard width 100mm - 205mm (4" - 8.4").

Trader Stand Series

The **ErgoMounts** Trader Stand Series is manufactured in the UK to exacting standards. Supporting between one and four LCD monitors on a single pole the Trader Stand series is available with a free standing, desk clamp or bolt through desk fitting. Double and quad supports allow each monitor to slide across the horizontal cross bars enabling bezels to be positioned in the perfect viewing position. Each monitor is attached via a Teflon coated ball joint that allows tilt, angle left to right and portrait to landscape movement. Custom configurations and pole heights are available on request. Standard finishes are silver or black.

EMPROCPTL

The **ErgoMounts** EMVPC1200 is a high capacity plasma /LCD ceiling mount (with up to +/-15° of tilt) for screen sizes 20" - 40". Supports VESA 100mm x100mm, 200mm x 100mm with an optional 200mm x 200mm interface plate available. Back to back configurations are available on request. Pole drops from 0.5m through to 3.0m available. Black finish.

LCD size:	40"
Movement:	+/-15° tilt
VESA:	100mm x 100mm and 200mm x 100mm
Pole drops:	0.5m - 3.0m
Max weight capacity:	40kg
Finish colour:	Black finish
Optional extras:	200mm x 200mm interface plates. Back to Back interface.

VisionPro F1500X Series

The **ErgoMounts** VisionPro F1500X Series is the ultimate future proof range of multiple LCD mounting solutions. Solid designs combined with flexible configurations supporting your needs today as well as tomorrow. Mutliple horizontal configurations allow monitors to tilt, angle left to right and move through landscape to portrait. The 720mm x 495mm heavy duty base can be bolted to the floor when extra stability is required.

3 Triple Mount Vertical — EMVPF1500X-1X3-18B

Monitors supported	3
Monitor widths supported	420mm - 550mm
Max individual monitor weight	10kg

4 Triple Mount Horizontal — EMVPF1500X-3X1-18B

Monitors supported	3
Monitor widths supported	330mm - 550mm
Max individual monitor weight	10kg

5 Quad Vertical — EMVPF1500X-1X4-18B

Monitors supported	4
Monitor widths supported	330mm - 550mm
Max individual monitor weight	10kg

6 Quad (2 above 2) — EMVPF1500X-2X2-18B

Monitors supported	4
Monitor widths supported	330mm - 550mm
Max individual monitor weight	10kg

7 6 Way (2 wide x 3 high) — EMVPF1500X-2X3-18B

Monitors supported	6
Monitor widths supported	330mm - 550mm
Max individual monitor weight	7.5kg

8 6 Way (3 wide x 2 high) — EMVPF1500X-3X2-18B

Monitors supported	6
Monitor widths supported	420mm - 550mm
Max individual monitor weight	7.5kg

1 Dual Mount Vertical — EMVPF1500X-1x2-18B

Monitors supported	2
Monitor widths supported	330mm - 550mm
Max individual monitor weight	12kg

9 8 Way (2 wide x 4 high) — EMVPF1500X-2X4-18B

Monitors supported	8
Monitor widths supported	330mm - 550mm
Max individual monitor weight	6.5kg

2 Dual Mount Horizontal — EMVPF1500X-2X1-18B

Monitors supported	2
Monitor widths supported	330mm - 550mm
Max individual monitor weight	12kg

10 9 Way (3 wide x 3 high) — EMVPF1500X-3X3-18B

Monitors supported	9
Monitor widths supported	420mm - 550mm
Max individual monitor weight	5.5kg

Uniflex Series CPU Holders

The **ErgoMounts** UniFlex Series CPU holders sleek design compliments the modern office. Possible the UK's best selling CPU holder. British manufactured and supplied virtually fully assembled for reduced installation times. Available in three sizes. Supports CPUs weighing up to 45kg. Complete with screw fitting to attach to the under side of the worksurface. Lockable, anti theft security version also available. Silver or black finish.

1	UniFlex Narrow adjustable CPU holder, supports CPUs; 90mm - 125mm (W), 310mm - 500mm (H). Silver finish.	EMUNICPU661S
2	UniFlex Narrow adjustable CPU holder, supports CPUs; 90mm - 125mm (W), 310mm - 500mm (H). Black finish.	EMUNICPU661B
3	UniFlex Standard adjustable CPU holder, supports CPUs: 120mm -170mm (W), 325mm - 515mm (H). Silver finish.	EMUNICPU662S
4	UniFlex Standard adjustable CPU holder, supports CPUs; 120mm -170mm (W), 325mm - 515mm (H). Black finish.	EMUNICPU662B
5	UniFlex Wide adjustable CPU holder, supports CPUs; 165mm -215mm (W), 325mm - 515mm (H). Silver finish.	EMUNICPU663S
6	UniFlex Wide adjustable CPU holder, supports CPUs; 165mm -215mm (W), 325mm - 515mm (H). Black finish.	EMUNICPU663B

Cobra CPU Holders

The Cobra under desk CPU holder provides a sleek, elegant support for all size CPUs up to 570mm high x 250mm wide.

The high quality, all metal design adjusts to the size of your CPU with toolless adjustment.

The Cobra is supplied fully assembled in a silver finish and can accommodate CPUs up to 30kg in weight.

Available in a silver finish.

1	Cobra CPU holder, supports CPUs up to 570mm (h) x 250mm (w). Silver finish.	EMCPUCOB-1S

Datasheet

SF Series Wall Mount CPU Holders

The EMSFCPU-WM wall mount CPU holder provides a sleek, elegant support for Small form factor CPUs between 61mm and 102mm wide.The EMSFCPU-WM has the benefit of a zero footprint both on the floor and on the desk and can be positioned at any height to suit the required location.The high quality, all metal design is quick and easy to install and fits to the size of your CPU with adjustable clamp technology.

Additionally the CPU holder can be mounted to a 50mm pole using an optional 50mm accessory collar. The EMSFCPU-WM can accommodate CPUs up to 15kg in weight.

Available in a medical white or black finish.

1	SF series wall mount CPU holder. Supports CPUs from 61mm - 102mm. Medical White finish.	EMSFCPU-WM-MW
2	SF series wall mount CPU holder. Supports CPUs from 61mm - 102mm. Black finish.	EMSFCPU-WM-TB

UniMount CPU Holders

The ErgoMounts UniMount CPU holder is a UK manufactured, cost effective, high quality all metal construction CPU mount designed to mount a CPU to the underside of a work surface to free up desk space.

The UniMount CPU holder supports CPUs with maximum dimensions 200mm (EMUNICPU61) or 135mm (EMUNICPU62) wide and 465mm high and requires minimal on site assembly. The CPU is supported by two sliders which adjust to the dimensions of the individual CPUs.

Available in silver finish.

1	UniMount CPU holder, supports CPUs; 100mm - 200mm (W). Silver finish.	EMUNICPU61S
2	UniMount CPU holder, supports CPUs; 95mm - 130mm. Silver finish.	EMUNICPU62S

Datasheet

Floor Plates and Bases

1. Pro Series EMPRO-PS Base
Heavy weight base, single 50mm central column entry. 600mm x 600mm external dimensions. Supports up to 45kg dependent upon configuration. Combine with 50mm diameter poles up to 2.0m. Black finish.

2. Pro Series EMPRO-CS Base
Heavy weight base, dual 50mm central column entries. 900mm x 749mm external dimensions. Supports up to 145kg dependent upon configuration. Combine with 50mm diameter poles up to 2.0m. Black finish.

3. Pro Series EMPRO-T Base
Heavy weight base, dual 50mm rear column entry. 900mm x 750mm external dimensions. Supports up to 73kg dependent upon configuration. Combine with 50mm diameter poles up to 2.0m. Black finish.

4. Delta Series EMDSFS-LB
Heavy weight base, large 935mm x 642mm dual 60mm column entries. Supports up to 70kg dependent upon configuration. Combine with FS series 60mm diameter poles up to 2.0m. Black or silver finish.

5. VisionPro F1500-MB
Heavy weight base, medium 720mm x 494mm, single 50mm column entry. Supports up to 24kg dependent upon configuration. Combine with FS series 50mm diameter poles up to 2.0m. Black or silver finish.

6. Delta Series EMDSFS-SB
Heavy weight base, small, 576mm x 395mm single 60mm column entry. Supports up to 15kg dependent upon configuration. Combine with FS series 60mm diameter poles up to 2.0m. Black or silver finish.

7. Delta Series EMDSCMP-LB
Large floor / ceiling mount plate. Single 50mm central column entry. 300mm diameter external dimensions. Supports up to 40kg in floor mount orientation (dependent upon configuration). Combine with 50mm diameter poles. Black or silver finish.

8. Delta Series EMDSCMP-SB
Small floor / ceiling mount plate. Single 50mm central column entry. 150mm diameter external dimensions. Supports up to 23kg in floor mount orientation (dependent upon configuration).. Combine with 50mm diameter poles. Black or silver finish.

Ceiling Plates and Attachments

① Pro Series EMDSCMP-LB
Large floor / ceiling mount plate. Single 50mm central column entry. 300mm diameter external dimensions. Supports up to 140kg dependent upon orientation / configuration. Combine with 50mm diameter poles. Black or silver finish.

② Pro Series EMDSCMP-SB
Small floor / ceiling mount plate. Single 50mm central column entry. 150mm diameter external dimensions. Supports up to 90kg dependent upon configuration. Combine with 50mm diameter poles. Black or silver finish.

③ Pro Series EMPROCPFP
Pro series small heavy duty ceiling / floor plate. 190mm x 190mm external dimensions. 50mm column entry. Supports up to 135kg dependent upon configuration. Combine with 50mm diameter poles. Black finish.

④ Pro Series EMPROTCP
Pro series small, heavy duty tilting ceiling plate. 190mm x 190mm external plate dimensions. 50mm column entry. Supports up to 145kg. Combine with 50mm diameter poles. Black finish.

⑤ Delta Series EMDSTM50B
Designed to suspend 50mm diameter poles from 42mm - 50mm horizontal poles. Supports up to 140kg dependent upon configuration. Combine with 50mm diameter poles. Black or silver finish.

⑥ Pro Series EMPRO-ITC1016C
Heavy duty girder mount for 50mm diameter poles. EMPRO-ITC1016 adjusts from 259mm - 400mm. Supports up to 88kg. Combine with 50mm diameter poles. Black finish.

⑦ Delta Series EMDS783S
Wall mount for use with 50mm diameter vertical poles. Supports up to 120kg dependent upon configuration. Combine with 50mm diameter poles. Black or silver finish.

⑧ Delta Series EMDS725B
Column adaptor for horizontal to vertical poles. Use with EMDS50COL 50mm collars. Allows connections to be made between poles of differing orientations. Black or silver finish.

⑨ Delta Series EMDSFR50C
Finishing ring, 50mm internal. For use with 50mm diameter poles to tidy pole entries through suspended ceilings. Chrome, black or white finishes available.

Datasheet

Poles and Joiners

1   **Delta Series EMDSCOL1C-50C**
50mm diameter column. Available in 0.5m, 1.0m, 1.5m and 2.0m lengths as standard. Up to 3.0m lengths available to order. Chrome finish as standard. Black finish available to order. Use with 50mm ceiling, floor or wall plates.
EMDSCOL50-1C (1.0m chrome).

2   **Pro Series EMPROCOL-1B**
50mm diameter column. Available in 0,5m, 1.0m, 1.5m, 2.0m and 3.0m lengths as standard. Poles can also be joined using couplers. Black finish as standard. Use with 50mm ceiling, floor or wall plates.
EMPROCOL-1B (1.0m black).

3   **Pro Series EMPROFSCOL72C**
50mm diameter cable managed column for use with Pro series floor stands/trolleys. Available in 1.52m, 1.83m and 2.13m lengths. Poles can also be joined using couplers. Chrome finish as standard.
EMPROFSCOL72C (1.83m chrome).

4   **Delta Series EMDSFSCOL15C**
60mm diameter cable managed column for use with Delta series floor stands. Available in 1.0m, 1.5m and 2.0m lengths. Chrome finish as standard.
EMDSFSCOL15C (1.5m chrome).

5   **Delta Series EMDS723C-50**
Internal pole couple for use with Delta series and Pro series 50mm diameter poles. Joins poles without reducing width capacity in vertical orientations. Zinc finish.
EMDS723C-50 (zinc).

6   **Delta Series EMDS724C-50**
External pole couple for use with Delta series and Pro series 50mm diameter poles. Joins poles without reducing width capacity in vertical orientations. Black or chrome finish.
EMDS724C-50 (chrome)

7   **Delta Series EMDS707B**
Open end ring for 50mm diameter poles. Allows cables to pass through whilst being protected against any rough pole edges. Provides a professional neat finish. Black or silver finish.
EMDS707-B (black).

8   **Delta Series EMDS705B**
Closed end cap for 50mm diameter poles. Provides a professional neat finish. Black or silver finish.
EMDS705-B (black).

Datasheet

Collars and Interfaces

① Delta Series EMDS50COLC
Collar for use with 50mm diameter poles. Compatible with most Delta series components. Chrome or black finish.
EMDSCOL50C (chrome).

② Pro Series EMPRO-PVW1
50mm diameter slide over column adaptor for use with EMCTM-MS1/2/3 interfaces. Supports up to 75kg. Can also be used as a wall mount bracket for 50mm diameter poles. Black finish.
EMPRO-PVW1.

③ Pro Series EMPRO-PSDS
50mm single end column adaptor for use with EMCTM-MS1/2/3 interfaces. Can be used suspended or inverted. Pass through cable managment. supports up to 136kg dependent upon configuration. Combine with 50mm diameter poles. Black finish.
EMPRO-PSD-S.

④ Pro Series EMPRO-PSDD
50mm dual back to back end column adaptor for use with EMCTM-MS1/2/3 interfaces. Can be used suspended or inverted. Pass through cable management. Supports up to 180kg dependent upon configuration. Combine with 50mm diameter poles. Black finish.
EMPRO-PSD-DD.

⑤ Pro Series EMPRO-PSD-DP
50mm single/dual back to back slide over column adaptor for use EM230 LCD mount. Provides option to use as a single or back to back interface. Supports up to 50kg. Combine with 50mm diameter poles. Black finish.
EMPRO-PSD-DP.

⑥ Pro Series EMPRO-SPA
Dual 50mm column adaptor for use with Pro series floor stands and trolleys. Accepts EMCTM-MS1/2/3 interfaces. Supports up to 75kg. Combine with 50mm diameter poles. Black finish.
EMPRO-SPA.

⑦ VisionPro Series EMVP1250TVMS
Tiltable 50mm pole interface for use on 50mm diameter vertical poles. Accepts EM850/860 and EM507 interfaces. Supports up to 70kg dependent upon configuration. Combine with 50mm diameter poles up to 2 metres. Silver or black finish.
EMVP1250TVMS (silver).

⑧ Delta Series EMDSTVM
Tiltable VESA interface for use with EMDS50COL. Includes 75mm and 100mm VESA interface. Supports up to 20kg. Tilts up to 15° downwards. Black or silver finish.
EMDSTVMS (silver).

⑨ Pro Series EMPRO-PRC
Heavy duty tilt and rotate 50mm diameter end column VESA interface. Tilts up to +/-15° and rotates a full 360°. Supports up to 36kg. Supports VESA 75mm x 75mm, 100mm x 100mm, and 200mm x 100mm. Optional 200mm x 200mm interface plate. Black finish.
EMPRO-PRC.

Interfaces and Shelves

(1) **Delta Series EMDS507B**
Heavy duty VESA 200mm x 200mm, 200mm x 100mm, 100mm x 100mm and 75mm x 75mm interface for use with EMVP1250TVM. Supports up to 70kg. Silver or black finish. **EMDS507B (black).**

(2) **Delta Series EMDS860B**
Heavy duty adjustable LCD interface. Supports VESA 400mm x 200mm, 200mm x 200mm and 200mm x 100mm along with hole spacings 100mm - 300mm (h) and 165mm - 490mm (w). Supports up to 40kg. Silver or black finish. **EMDS860B (black).**

(3) **Delta Series EMDS850B**
Heavy duty adjustable LCD/Plasma interface. Supports VESA 600mm x 400mm, 400mm x 200mm, along with hole spacings 100mm - 410mm (h) and 280mm - 755mm (w). For use with EMVP1250TVM. 800mm x 400mm version available. Supports up to 70kg. Silver or black finish. **EMDS850B (black).**

(4) **Pro Series EMCTM-MS2**
Pro Series tiltable interface for use with 50mm Pro series collars and interfaces. Tilts up to 12° downwards. Three sizes available to accommodate screens up to 65" in size. (EMCTM-MS1/2/3) EMCTM-MS2 supports most screens 37" - 55". Black finish. **EMCTM-MS2.**

(5) **Pro Series EM230**
Heavy duty tilt and rotate VESA interface. Tilts/rotates up to 15°. Supports up to 23kg. Supports VESA 75mm x 75mm, 100mm x 100mm and 200mm x 100mm. Optional 200mm x 200mm interface plate. Silver or black finish. **EM230 (silver).**

(6) **Delta Series EMVESA210B**
200mm x 100mm VESA conversion plate. Picks up on VESA 100mm holes. Supports 23kg. 200mm x 200mm VESA interface also available, part number EMVESA200B. **EMVESA210B (black).**

(7) **Pro Series EMPRO-GLS-SHG**
Glass multimedia shelf for use with Pro series dual 50mm columns. Supports up to 12kg. Shatter proof glass. **EMPRO-GLS-SHG (black collars/clear glass).**

(8) **VisionPro Series EM715162**
Glass multimedia shelf for use with 50mm diameter single columns. 470mm x 370mm. Supports up to 7.5kg. Complete with 50mm collar. **EM715162.**

Interfaces and Shelves (cont.)

(1) **Delta Series EMDS2520S**
Small peripheral shelf and 50mm diameter collar. Shelf dimensions 250mm x 120mm. Supports up to 3kg. Silver finish. **EMDS2520S (silver).**

(2) **EMPRO-MTL-SHGB**
Metal multimedia shelf for use with Phoenix, ProView and Trident dual 50mm columns. Supports up to 12kg. 500mm x 390mm (19.68" - 15.35").

(3) **Delta Series EMVESA200B**
200mm x 200mm VESA conversion plate. Picks up on VESA 100mm x 100mm holes. Supports 23kg. Silver or black finish.

(4) **EMPRO-VC-SHGB**
Video conferencing equipment shelf, black and chrome, for use with Phoenix, ProView and Trident support stands/trolleys.

(5) **EM704706**
Multimedia shelf and collar, for use with 60mm diameter columns.

(6) **EMPRO-MCP**
Magnetic cover pack. Hide all poles and cables on the Phoenix, Trident and Proview range of support stands and trolleys.

(7) **EMSFCPU-WM**
The EMSFCPU-WM wall mount CPU holder provides a sleek, elegant support for Small form factor CPUs between 61mm and 102mm wide. The EMSFCPU-WM wall mount CPU holder has the benefit of a zero footprint both on the floor and on the desk and can be positioned at any height to suit the required location. Available in Medical white or black finish.

(8) **EMCPUFF/EMCPUSF**
Wall mount CPU holders, constructed from heavy duty aluminium and designed to wall mount CPUs. Available in two widths; standard 100mm (4") x 205mm (8.4") or narrow 50mm (2") x 116mm (4.6") and light grey, back or medical white finish.

(9) **EMCPUFF-PM1/EMCPUSF-PM1**
Pole mount CPU holders, constructed from heavy duty aluminium to provide a strong and reliable pole clamp support. Available in two widths; standard 100mm (4") x 213mm (8.4") or narrow 50mm (2") x 116mm (4.6") and light grey, back or medical white finish.

Custom Design Services Our customer focused custom design department has a vast experience of designing and manufacturing solutions tailored to meet your exact requirement. Key areas such as point of sale, digital signage and mutliple mount configurations are our speciality.

Digital Signage Multimedia displays can be positioned virtually anywhere required to display information 24/7. Through working closely with the client we can develop the most appropriate mounting solution.

Multiple Screen Configurations Displaying information across multiple screens is now common practice and not limited by technology. **ErgoMounts** can create the most efficient and stylish multiple screen solutions tailored to your requirements.

Bespoke Computer Work Stations Not sure exactly what you need? Contact us with your ideas and we can assist in progressing it to reality. Computer work stations can be configured to support all of your equipment and can incorporate anti-tamper fittings.
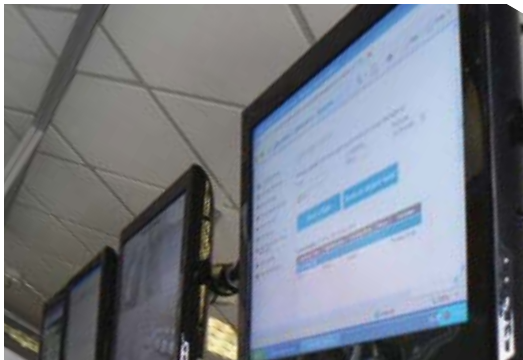

Multiple LCD/Plasma Ceiling Mounts

An almost infinite number of configurations are available to mount multiple LCD or Plasma screens from ceilings. Configurations can be created to match your ideal display patterns, often from off the shelf components.

Multiple LCD/Plasma Ceiling Mounts
Floor to ceiling mount configurations can be eye catching as well as allowing displays to be positioned in areas otherwise deemed to be out of bounds. By anchoring at both the top and bottom of the poles, each configuration has added stability. Due to the modularity of the components, each system is future proofed enabling additional or larger screens to be added at a later date.

ErgoMounts can also provide full installation service for all mounting solutions subject to an initial site survey.

Mixed Media Size Mounts
In addition to multiple ceiling and floor to ceiling mounts we are able to provide mixed media mounting solutions. These can comprise of mixed screen sizes or mixed media. Plasma, LCD and Projector technology can be incorporated on to a single mounting solution.

Simply state the models along with the intended configuration and we will create the solution to best meet your requirements.

We specialise in solutions for office/financial environments, hospitality, medical and retail.
